WRITING- 10 баллов

Write about 140-180 words

One day last holidays I decided to go exploring on my own in the mountains. The time passed quickly and by late afternoon I got tired and hungry. "Maybe I'll find a village soon," I thought. But there was nothing. As it started to get dark, I realized I was completely lost. I could easily die, I thought on this cold mountain. Suddenly

I bursted into tears as thoughts of dear home and hot dinner were driving me crazy. I was surprised by myself because I have usually gr never cried in stressful situations before. Then I thanked the weather to be so warm and started to think about my options. "Ok I have a lantern - that's great; I don't have any food - that's dreadfully stupid of me; I should get out of here as quickly as I can; Oh!! Is it a village light right there?" I found hope and it was moving me forward. The lantern was lighting my way, as I walked pass the ~~dark~~ forest. I was thinking about all movies about survival I've watched and gr thought. "If that character could make it, I can too!"

But suddenly the light disappeared ... and then appeared again. And it repeated. wr.w. I didn't know if I had illusions or what but every time the light appeared, it was appearing closer and closer....

And then I woke up, laying here, kids, wr.w in this hospital. I wonder if I ever know what happened to me there...
