One day last holidays I decided to go exploring on my own in the mountains. The time passed quickly and by late afternoon I got tired and hungry. "Maybe I'll find a village soon," I thought. But there was nothing. As it started to get dark, I realized I was completely lost. I could easily die, I thought on this cold mountain. Suddenly ....

A blink of light appeared in front of me. "That it could possibly be!" I thought. "I should probably go find out". I started to slowly move in the direction of my only hope of rescue. As I draw near, I started to hear some noise. It was a fast mountain river. And a light that I've seen before, was nothing more, than just a reflection of the moon in this rapid stream of water. I washed up my face in this cold water and dropped on the ground. Exhausted and hopeless I closed my eyes and fell asleep.

The time now passed so fast. It's already been a high noon then I woke up. I filled up my empty vessels with water and wanted to start searching for help. But then I realized. This place looks different in the day light. "I've seen this river yesterday. Now I know how to get out of there".

So this is my story. The story now I was saved by a reflection of <sup>the</sup> Moon in water
