One day last holidays I decided to go exploring on my own in the mountains. The time passed quickly and by late afternoon I got tired and hungry. "Maybe I'll find a village soon," I thought. But there was nothing. As it started to get dark, I realized I was completely lost. I could easily die, I thought on this cold mountain. Suddenly ....

Suddenly I noticed a small house on top of the mountain. I made up my mind to go to it. I saw a road which ~~was~~ went up to the top.

I started my journey. It got very dark that I could see nothing. But I didn't give up and carried on my trip. After that I saw a cave. It was warm in it and I decided to sleep in it. Next morning I carried on my trip. It was colder than yesterday that's why day was very difficult. At the end of second day

I came to the top of the mountain. I wanted to find the house I had seen before. I found it and got in. There was a table, a fireplace and one chair in it. Also there was a very nice atmosphere. Then I met old grand father who lived in the house. He was tall and strong. I asked for help.

Gr

In the end he gave me food and hot tea. Then he called g11 and I was saved. In conclusion I want to say that you shouldn't go exploring something on your own because you can easily get lost and die. But the worst thing is that nobody will know what you have died.
