One day last holidays I decided to go exploring on my own in the mountains. The time passed quickly and by late afternoon I got tired and hungry. "Maybe I'll find a village soon," I thought. But there was nothing. As it started to get dark, I realized I was completely lost. I could easily die, I thought on this cold mountain. Suddenly ....

I heard strange noise behind me. I walked there to find out who or what made this noise. It surprised me when I saw a girl the same ages as me. She cried and asked to help her. I ran to her and said "Calm down. I was lost too. But together we can survive". She looked at me and tried smile. Then we continued our "journey" together. We talked about many different things to cheer up each other. By a midnight we got too tired to walk. We found a big tree climbed on it and felt asleep. At the next day we found a river where we caught some fishes. We got a fire and tried them. After that we could continue. By late afternoon we came into small house. We knocked many times before door finally opened. There was a man who was a hunter. He knew this area very well so he rescued us. It <sup>were</sup> was the most searing two days of in my life but I found a very amazing friend.
